### INDIVIDUALIZED COUNSELING SERVICES

EnvisionSpecialty pharmacists provide support by explaining your medications, how you should take them, where to store them, dosing instructions and more.

Throughout your care, our team will regularly follow up with you or your designated caregiver. Prior to each new and refill shipment, we will contact you to arrange delivery and help with any issues you may have. We will also be available during therapy to answer your questions.

## WHETHER YOU ARE NEW TO THERAPY OR SIMPLY NEW TO OUR PHARMACY...

If you have received your specialty medications from another pharmacy provider in the past, EnvisionSpecialty will transition your prescriptions seamlessly.

### CONVENIENT DELIVERY

EnvisionSpecialty will deliver directly to your home, physician's office, or to the location of your choice.

### 24/7 CLINICAL SUPPORT

Our specialty pharmacists are available by telephone 24 hours a day, seven days a week to help you manage critical aspects of your care.

### MEDICATION COVERAGE SUPPORT

EnvisionSpecialty works directly with your health plan or pharmacy benefit to confirm coverage of your medications. Our EnvisionSpecialty Bridge Program takes a close look at your out-of-pocket costs and helps link you to copay and financial assistance programs when available.

## LET US HELP YOU MANAGE YOUR COMPLEX CONDITION

Managing chronic and complex conditions requires knowledgeable, caring professionals and personalized care. Our staff of pharmacists, pharmacy technicians and care representatives are trained to provide you the best information and therapy available.

We're here to support you and your caregivers and educate you on the best options to manage your therapy.

## WE WORK HAND-IN-HAND WITH YOUR PHYSICIANS AND CARE TEAMS
